

DONNYBROOK

LOA: 80' (LWL 70.6')

Class/Type: Custom Racing Sloop 72

Builder: Launched by Dencho Marine

Designer: Unknown

Launch Date: Unknown

Skipper: James Muldoon

DONNYBROOK is a custom-built maxi racing sloop designed to get the job done...fast. Raced from New England to the Caribbean, she features a centerline daggerboard ahead of a canting keel. Retractable sprit also raises and rotates aft for running. Her hull, spars and systems are the result of several cutting-edge technologies.

When available, *DONNYBROOK* sails out of NSHOF with a crew of youth to help enter children into the sport of sailing.
